## INTRODUCTION

This Report highlights the activities of the Transportation Professional Services Selection Board (TPSSB) during Fiscal Year 2010 in conjunction with the selection of consultants for Architectural/Engineering (A/E) projects processed through the TPSSB, for the Maryland Department of Transportation (Department), in conformance with applicable laws, regulations and internal guidelines.

The contents of this report have been organized under the following topical headings:

- Executive summary
- Minority business participation
- Changes in laws, regulations, and internal guidelines
- TPSSB membership and composition
- Consultant selections
- Certification for consultant services
- Projects withdrawn from further consideration

Appropriate attachments have also been provided detailing Department Consultant Screening Committees and Negotiating Teams membership; consultant selections, including project & proposal data/time involved; projects certified by the Secretary of Transportation (Secretary) for consultant services for FY 10, a revision to one (1) previously certified project, a re-certification of one (1) previously certified project and cancellations to six (6) previously certified projects for FY 10.

## EXECUTIVE SUMMARY

The major facts and conclusions contained in this report are as follows:

1. The TPSSB finalized 55 consultant selections, compared to 129 in FY 09. The total fees for these 55 selections amounted to approximately \$352 Million, compared to \$536 Million in FY 09.
2. Of the total 55 selections, all were in excess of \$1,000,000 and were based upon evaluation of technical proposals and negotiated prices.
3. The total time required to finalize selections on a negotiated basis averaged 21.3 months per selection; with 20.5 months consumed by Transportation Agencies and .9 months by the TPSSB (these averages exclude major delays attributable to non-selection related matters). This is an increase over Fiscal Year 09 of 1.1 months per selection in time consumed by Transportation Agencies and an increase of .1 months for the time required by the TPSSB.

## MINORITY BUSINESS PARTICIPATION/DISADVANTAGED BUSINESS PARTICIPATION

Of the fifty-five (55) projects in FY 10, one hundred and nineteen (119) firms were used as subcontractors, and of those subcontractors seventy-one (71) were MBE/DBE firms.

## CHANGES IN LAWS, REGULATIONS, & INTERNAL GUIDELINES

In Fiscal Year 2010 there were no changes to COMAR 21.12.01, 21.12.02 or Sections 12-303 or 13-304 of the State Finance and Procurement Article. Changes were made to the MDOT Architectural & Engineering Consultant Selection Internal Guidelines.

## TPSSB MEMBERSHIP AND COMPOSITION

During Fiscal Year 2010 the membership and composition of the TPSSB was as follows:

### Permanent Members:

- Michelle Nicole Lipkowitz, Chairperson (Public Member)
- Benjamin E. Beavin, Jr., Vice-Chairman (Public Member)
- Beverley Swaim-Staley, Acting Secretary thru 8/2009, Secretary 9/2009 (or Designee)
- Carmina Perez-Fowler, (Office of the Deputy Secretary), Secretary's Designee
- William Kotis, (Office of the Assistant Secretary), Governor's Designee

### Temporary Members:

The following Temporary Members represented their respective Transportation Agencies at various TPSSB meetings:

State Highway Administration (SHA):	Robert Gay (Designee) Paul Becker (Alternate Designee) Alan Gertner (Alternate Designee)
Maryland Aviation Administration (MAA):	Suzette Moore (Designee) Carol Stock (Designee) – thru 2/1/10
Maryland Transit Administration (MTA):	Stephen V. Silva (Designee) Priscilla Jeffers (Designee) Vernon Hartsock (Alternate Designee)
Maryland Transportation Authority (MDTA):	Geoff Kolberg (Designee) – thru 3/31/10 Doug Hutcheson (Designee) – thru 6/30/10 Benjamin Mondell (Alternate Designee)
Motor Vehicle Administration (MVA):	Patricia Tarpley (Designee) Hargurpreet Singh (Alternate Designee)

Assistance was rendered to the TPSSB through the following:

Executive Secretary: (TSO)

Trisha O’Neal – thru 1/18/10

Donna Ziegenhein – effective 1/19/10

Office of General Counsel: (TSO)

Thomas G. Peter, Deputy General Counsel

Office of Procurement & Contracts: (SHA)

Robert P. Gay, Director, Office of Procurement and Contracts

Various Consultant Screening Committees and Negotiating Teams of Transportation Agencies:

A list of membership to these Committees/Teams as of July 1, 2010 is provided as Attachment I.

CONSULTANT SELECTIONS

During Fiscal Year 2010 the TPSSB met 10 times, and processed 55 selections on a negotiated basis involving 30 consultant firms. The total cost of the 55 finalized selections amounted to approximately \$352 Million.

Detailed information on the 55 finalized selections is provided as Attachments II - V. An analysis of the data on these Attachments, and other information available in TPSSB files, reveals the following:

1. Projects by Cost Categories:

Costs for each of the 55 selections for which consultants were selected on a negotiated basis ranged from approximately \$1,000,000 to \$60,000,000.

The following tabulation summarizes these selections by cost categories:

Cost Category \$	No. of Selections	% by No. of Selections
200,001 – 300,000	0	0%
300,001 – 500,000	0	0%
500,001 – 1,000,000	7	12.7%
1,000,001 – 10,000,000	46	83.6%
10,000,001 – 60,000,000	2	3.7%
<b>TOTAL</b>	<b>55</b>	<b>100%</b>

*\*Contracts range from 3-6 years\**

2. Selections by Technical Proposals/Negotiated Prices:

Fifty-five (55) selections were finalized based on evaluation of technical proposals and negotiated prices.

Negotiating Teams were able to negotiate a satisfactory contract with the top-ranked firms in all instances at a price, which they determined to be fair, competitive and reasonable.

There is a possibility that the TPSSB could consider a Transportation Agency's recommendation of the award of a contract to the second highest ranked firm. In addition, in cases where simultaneous negotiations with two or more firms for the awarding of identical open-end contracts from one reduced candidate list have not been satisfactory, the Transportation Agency may negotiate with, and recommend the award of a contract to, a lower ranked firm. Neither of these situations occurred in FY 10.

3. Time Involved in Finalizing Selections:

Of the 55 selections, which were finalized on a negotiated basis, the total time required for a selection ranged from 11.6 to 28.9 months, depending on the nature and complexity of the project, averaging 21.3 months per selection, excluding major delays attributable to non-selection related matters. This was measured from solicitation of interest from firms, to final approval by the TPSSB. Related actions occurring during this period were as follows:

An average of 20.5 months per selection was consumed by appropriate Transportation Agencies in making specific selection recommendations to the TPSSB. This covered time necessary for public announcements for solicitation of interest from firms, evaluation of candidate firms, any de-briefings of firms not on reduced candidate lists, preparation of requests for technical and price proposals, and evaluation of these proposals and price negotiations in order to make selection recommendations to the TPSSB.

An average of .9 months per selection was required for the TPSSB to review and finalize all selection recommendations made by Transportation Agencies, including waiting periods necessary for public announcements for TPSSB meetings, and any de-briefings through Transportation Agencies of firms not recommended for selection.

#### CERTIFICATION FOR CONSULTANT SERVICES

During Fiscal Year 2010, the TPSSB received and recorded a total of twenty-eight (28) certifications by the Secretary involving A/E services, which at the time of certification could not feasibly or economically be provided through existing in-house resources, and appropriate Transportation Agencies were directed to proceed with the selection of consultants.

Detailed listings of such projects recorded by the TPSSB as certified by the Secretary are provided as Attachment VII.

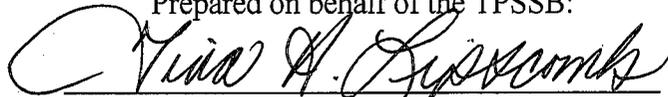

#### PROJECTS WITHDRAWN FROM FURTHER CONSIDERATION

During Fiscal Year 2010, six (6) projects were withdrawn from further consideration. Detailed listings of these withdrawn projects are provided as Attachment VIII.
